

Hi there, families,

As we're a child-friendly community (after all, acro is all about getting in touch with our inner child), we're happy to have you and your family join our retreat, but only under following conditions:

Retreat conditions for families:

1. Adult retreat: This event is designed for adults, so you're solely responsible for your child during the retreat.
2. Free time: Our team will be busy teaching and leading the group, so please don't expect them to look after your child during their free time.
3. Single parents: We recommend having a partner or friend to support you during the retreat.
4. Partner: If you bring a partner, agree on who will join the classes and who will parent during workshops.
5. Children as students: Kids joining the classes will be treated like other adults.
6. Acro time: Kids are only allowed on the mats with a parent 100% present to avoid distractions and accidents.
7. Yoga & Bodywork: Your whole family is welcome to join these sessions, but please respect the vibe.
8. Location: Both Slovenia and Croatia offer great spaces to explore, but we appreciate if you set ground rules for your children (what to do, where to or not to go alone e.g. pool etc.) that we are all on the same page.
9. Pool: Supervision is required for children swimming, and no throwing objects in the pool.
10. Campfire: Everyone is welcome to join our campfire nights.
11. Food: If your child doesn't like the food that we provide for the rest of the group, you can use one of the kitchens that is not being used to prepare a meal for your kid. We can provide the necessary ingredients to make something your child likes.
12. Relatives visiting: Grandparents or care-takers can visit or babysit during the day, just let us know if they join for meals as there is a small surcharge in case they want to eat with us.
13. Agreement: Parents must sign a disclaimer for each child upon arrival, stating full responsibility.

Our offer for families:

Option 1 (one adult pays full, other adult pays only food & accommodation):

- In this option one parent is paying the full price for workshops, food & accommodation and the other one solely deductible for food and accommodation (approximately 2/5 of the regular ticket). The intention of this deal is that one parent is participating in the classes while the other one is watching the children.

Option 2 (adults pay the regular ticket)

- In this option your children are fully-self responsible and both parents intend to participate with them all classes.

Prices for children in Slovenia:

We hope to see you soon!
